It doesn't matter where you decide to go or what you decide to do, what makes your experience unique, is the people you get to meet and the input you let them have on your escapade. One of the biggest gems any town has to offer is the encounters with the locals. Here follows a list of unique characters you want to run into while you are in Worcester and the surrounding area.

At Ceres Zipline adventure, be sure to chat with Angelique le Roux. She is one of many staff members at Ceres Zipline adventures who has great stories to tell. A little nervous about the Ziplining adventure? The crew members will make you feel as if you've done this a thousand times!

### **Wake up and smell the coffee...**

If you wish, you are able to find a quiet spot to enjoy your first cup for the day. But should you fancy good conversation with that hot morning drink, there's a few spots in town, where you can find just that!

At **Café Hugo** in Q-square, find a beautiful lady called Cindy, to tell you more about her relation to Hugo Naude, one of the well known artists who used to live in Worcester but sadly passed away in 1941. Don't forget to take along a pack of their freshly roasted coffee.

At **Slow Living Vintage Café**, Aunty Christa has many stories of the town and some of the people living on the street, who she has built relationships with. Want to know more about the historic building her shop is located in? If she doesn't know already, she will go out of her way to find out, while you take a bite of a lemon meringue, served with love.

Don't leave town until you have visited **Jessies on Church**, see if you can find Cindy Etzebeth, part owner. She cooks a hearty home made meal at an amazing price, right next door. See how she glows when she talks about the community projects she takes on in her spare time.

### **Dare to be different...**

There's no two ways about it, we are creatures of habit.. but when we travel or practice being local tourists, we should try different things. As they say, variety is the spice of life!

I challenge you to try something new. As much as we love franchises and the consistency they offer, trying something new can get your heart racing for a moment.

Dine at one of our local restaurants, where the personalized service will make you feel right at home.

Be adventurous, and order something you haven't tried before.

At **Fowlers Grill** you will be pleasantly surprised with the friendly staff, vibey atmosphere and generous servings. Chat to Jana while you are there, if you are familiar with Afrikaans Movies, ask her about her father and the role he played in a legendary South African Movie that aired in 1975.

At **Kokerboom restaurant**, a cat (probably without an owner) is keeping a young boy entertained while his parents are enjoying a sunny lunch. This restaurant has a laid back feel and is perfect if you just want to unwind or take a stroll through the botanical garden where the restaurant is located. This is also a good place to visit if you feel like testing your vocals on a Friday night with free Karaoke.
